FACIAL TREATMENTS

Price

The Revive Facial

£12.50

After a professional skin analysis, your skin is deeply cleansed and exfoliated, before a gentle steam or hot towels are used to soften and remove impurities. A toning and relaxing massage using a light cream or facial oil is performed to your face, neck and décolleté followed by a skin treatment mask. Sink further into relaxation with a complimentary scalp/hand and arm massage whilst the mask is on. Your therapist will finish with an eye product, treatment serum if required, and a moisturiser. Recommendations and advice will be given as part of this service.

Express Facial

£6.00

A 45 minute treatment to cleanse and detoxify. Perfect for busy clients who still want to look after their skin. Please note treatment does not include massage.

Non-Surgical Face Lift (Senior Therapist)

£20.00

This highly effective facial uses micro and nano-technology to improve the appearance of fine lines, improving the facial contours to such an extent that after just one treatment the face is lifted and the skin glows. It is especially good for the eye area to combat 'bags' and lift the brows, as well as improving 'neck jowls'. A course will improve problem areas and maintain this effect. A course of 10-12 treatments is recommended.

Revive Advanced Facial (Senior Therapist)

£15.00

An advanced facial, designed to meet your individual concerns. A therapist will assess your skin using individually selected machines, discuss your requirements and tailor your Revive facial to meet your needs.

Microdermabrasion Facial (Senior Therapist)

£20.00

A non-invasive, cell resurfacing treatment using pure diamond technology. This helps to reduce fine lines, scarring, pigmentation problems, uneven skin tones and dull or sun damaged complexions. Microdermabrasion is suitable for all skin types and leaves a glowing, smooth and a bright complexion.
