

Welcome to Inspire Education Group - your next steps are below:

Thank you for applying for a place on the Level 1 Sports and Public Services Course for the academic year of 2026/27 at Stamford College. If you were able to attend the taster day, we hope it helped to familiarise you with the college and your lecturers for the next academic year, and we look forward to welcoming you all in September.

You will soon receive paperwork detailing how the 2026/2027 enrollment will take place, and closer to the time, we will issue guidance on what and how induction week will look like for you.

In preparation for starting your course, we require you to complete a summer assignment that will form part of the steps to success process. This assignment must be handed in on your first day in college. This can be handed in as a word-processed hard copy, written hard copy or sent via email to your course coordinator at daisy.attley@ieg.ac.uk. See attached to this letter your summer assignment task. We will also aim to email this out to your email address provided on your application form.

To help you prepare for September, here is a little more guidance on how you can best prepare yourself for coming to college this year:

Planning and Preparation

It is advised that, in preparation for your studies both in college and at home, you look to purchase the following items to help you plan and keep up to date with your studies:

- Pens and pencils - you need to bring this equipment every day
- Change of clothes (or deodorant - as physical activity may happen on days in college)
- A4 notepad
- Consider suitable home IT technology to allow work & lessons to take place (tablet, laptop, etc.) and let us know as soon as possible if you have any issues with this.

Uniform

Uniform Information & Ordering

Summer Tasks - Level 1

Task 1 - Researching a Topic

For this unit, you will have to think about your hobbies and interests, fill out this table with 10 of your interests and hobbies.

Interests/hobbies	What you enjoy about these?	What would you be interested in learning about this interest/hobby?
<i>E.g. Rugby</i>	<i>I enjoy playing, refereeing, coaching and watching rugby for skill development.</i>	<i>I would be interested in learning about the growth of women's rugby within the last 5 years.</i>

4.		
5.		
6.		
7.		
8.		
9.		
10.		

Extension: Look back at your table of 10 hobbies and interests. Pick your top 3 favourites. For each of these three, you must come up with two key questions to explore in order to meet the learning interest you identified in the last column.

1st Interest	2nd Interest	3rd Interest
